Important Information About this Premium Payment Option

It is important that you understand a few facts about this option before choosing it. After reading the information below you may complete, sign and return this form to MercyOne Health Plan for processing.

PLEASE READ:

1. It could take up to 3 months for this payment option to begin.
2. You will not receive a bill from MercyOne Health Plan while this option is being processed.
3. To use this option, the amount of your monthly Social Security check must be equal-to or greater-than one month's worth of MercyOne Health Plan premium.
4. The first premium payment withheld from your Social Security check may be for an amount representing up to 3 months worth of MercyOne Health Plan premiums (if it takes that long to set this payment option up for you).
5. You may receive a notice from us if all past due premiums are not paid in full once your first Social Security "withhold" payment is received by MercyOne Health Plan.
6. Medicare does not permit more than three months worth of premium payments to be withheld from your check at one time. This may prevent some individuals from taking advantage of this option.
7. Non-payment of premiums will generally result in your loss MercyOne Health Plan coverage; though you can not be disenrolled for "non-payment" while this option is being processed.
8. If you change from one Medicare plan to another, including a MercyOne Health Plan change, it generally stops your Social Security withhold payment option. In such cases, we would have to re-establish this payment option for you (which could take up to 3 months to accomplish once started).
9. In some cases, if you are new to MercyOne Health Plan, your prior Medicare plan premium could be withdrawn from your Social Security check in error; rest assured Social Security will refund that amount back to you on a future or separate Social Security check.
10. MercyOne Health Plan members occasionally pay their premiums directly to MercyOne Health Plan while this payment option is being setup. That is acceptable. MercyOne Health Plan will promptly refund any overpayments created once we receive due premiums from Social Security.
